

Application for Assistance

Pro Arts Jersey City has established a Relief Fund to be made available to members who would not be able to participate in programs or maintain their membership without assistance. The Leadership Team and Board of Directors of Pro Arts recognizes that people might find themselves in financially distressed times and are deserving of support in order to remain active in the organization.

We are not asking you to describe your current hardship. We only ask that you understand that our funds are limited to those who truly need assistance.

Michael Endy and Dorie Dahlberg  
Co-Presidents, Pro Arts Jersey City

I am asking for assistance for one (1) the following:
